Work in Progress

“The Performance of Performance Payments”

WORK EXPERIENCE

Ministry of Children, Community and Social Services

June 2017 - present

Senior Research Analyst

Toronto, ON

- Conduct research to evaluate the impacts of provincial social assistance programs using administrative data.
- Lead the design and implementation of randomized evaluations to assess pilot initiatives, including employment services for youth with disabilities, incentive payments for service providers, and a redesigned child support payment system.
- Advise on the development of outcome-based performance incentive schemes for service providers.
- Facilitate academic access to Ontario government administrative data on welfare receipt, employment service participation, and criminal justice interactions.
- Support data linkage initiatives within the Ministry in collaboration with partners such as Statistics Canada and the Institute for Clinical Evaluative Sciences.

Abdul Latif Jameel Poverty Action Lab (J-PAL)*Policy Manager, Senior Policy Associate*

May 2015 - May 2017

Cambridge, MA

- Provided technical assistance to governments and non-profits in North America to assess the feasibility of conducting randomized evaluations of programs and policies.
- Identified potential partners within government agencies and non-profit organizations, organizing meetings and conferences and establishing initiatives to offer funding for research.
- Liaised with academics to determine research interests and make matches with organizations seeking to collaborate with researchers to understand the impacts of various interventions.
- Authored publications to disseminate research findings and policy insights, reaching a broad audience of policymakers and stakeholders.
- Delivered trainings for organizations interested in using rigorous evidence to inform decision-making.
- Managed relationships with philanthropic foundations, including the submission of grant proposals and the negotiation of agreements to fund multi-year initiatives.
- Supervised work of junior staff members playing supporting roles across projects.

Health Canada*Policy Analyst*

February 2008 - August 2010

Ottawa, ON

- Prepared briefing notes, background materials, and talking points for meetings of federal, provincial, and territorial Deputy Ministers and Ministers of Health.
- Engaged in direct consultations with provincial and territorial government representatives on proposed health legislation and regulations.
- Worked collaboratively with other federal departments and agencies to align on emerging issues in the health sector, ensuring a consistent position.
- Researched positions of provincial and territorial governments on health issues to enable senior officials to respond to a wide range of topics.
